## SESSION SUMMARY

SG1J

02 FEBRUARY 1988

0845 - 0950 HRS

COORDS: 68 10 01 // 18 78 11

1 The target area seems to be on a flat piece of land surrounded by rolling hills with rocky mountains in the background. It is very hot and dry, but there is a source of water nearby. I want to say river, but it could be a lake or stream.

2 There are two groups of people associated with this target, two distinctly different cultures. One group is a relatively peaceful, happy, spiritually-oriented people. The other group is more material-oriented and interested in acquiring wealth and power. I am not sure whether these cultures over-lapped or existed at this location at different periods in time.

3 The peaceful group of people seem to be more closely associated with the target area. They seem to lead a very simple, but happy, existence. There is a lot of laughter and joking. However, even as a group, they seem to be aware of some sort of impending danger. They are relaxed, but ever alert.
